

COVID-19 Incident Response

Dear Clients,

While the U.S. and other countries navigate the impacts of COVID-19, we wanted to share with you how WCM is managing its business.

We are closely monitoring and following the advice of health and other appropriate authorities. Virtually all of our staff are working remotely, and we have stopped receiving visitors to our offices. We can operate under these conditions for an extended period if necessary, and we have performed all of our key work functions—portfolio management, trading, operations, compliance and client service—without interruption or delay. Further, our key service providers are well-resourced and geographically dispersed. We have not experienced, nor do we anticipate experiencing, any reduction in their ability to support us.

We wish all of you the best during these uncertain times and thank you for your continued trust in WCM. Please do not hesitate to reach out using the usual channels by phone or email.

Kind regards,

Paul Black & Kurt Winrich
